

Aligned College Math Checklist

Students may enroll in an Aligned College Math (Algebra 2) class to receive computer moderated instruction with the opportunity to earn four hours of College Math credit or exemption from the Math Placement test at Tri-C.

- Purchase Academic Systems Algebra licenses and books. Purchasing instructions are available in the Aligned College Math guidelines. Contact Plato Learning directly for current pricing.
- Send teachers to Academic Systems Algebra training and Aligned College Math meetings. See the Tech Prep calendar for the training date and meeting dates.
- Align your Algebra 2 curriculum with the Tri-C College Math 0980 and 1200 curricula.
- Schedule the Aligned College Math (Algebra 2) class(es).
- Follow the Aligned College Math Guidelines including submission of documentation.
